2017 OVERSEAS VISIT NÜRNBERG (NUREMBERG) GERMANY

On Saturday 17th and Sunday 18th June 2017 members from the UK joined a group of The Society's German members for a visit to fire brigades in and around Nürnberg.

The visit included Nürnberg Fire Station 1 (Station West), Bahn (DB Railways) Nürnberg Industrial Fire Brigade, Bosch (Bamberg) Industrial Fire Brigade, Bamberg Fire Station, Bamberg Fire Museum, Nürnberg Airport Fire Service, Nürnberg Worzeldorf Voluntary Fire Station, Fürth Fire Station and Nürnberg Fire Museum.

The variety of appliances seen, coupled with the exceptional weather and hospitality of our hosts, made this a visit to remember.....in the words of one of The Society members attending....."to date, the best Overseas Visit!"

The bar has certainly been raised for future Overseas Visits?

A full report is scheduled for the November 2017 Fire Cover.

If you are not a member why not join today!
